

# You are invited

## An evening reception

Thursday, October 4th

6:30 to 8:30pm

at El Museo del Barrio New York

Join **TCLF** and the **Central Park Conservancy** to help kick off three days of activities focused on Central Park's woodlands and New York City's rich landscape design legacy.

The evening's theme – *Landscape and Patronage* – highlights the essential role patrons play in the creation and stewardship of great landscapes. This event will honor **Judith Carson**, a Central Park Conservancy Trustee whose leadership, support and commitment have been vital to the launch of an effort for the comprehensive restoration and long-term management of Central Park's Woodlands. The evening will conclude with the unveiling of the Landslide 2012 list of landscapes.
